The Shot@Life campaign's accomplishments are due in large part to these Champion Leaders who support Champions in their geographic area. Our Champion Leaders make it possible for Shot@Life to grow the champion community and engage more deeply with supporters at the local level.

If you do not see your state in the table above, Gabriela Cristobal, our Campaign Associate, will remain your primary point of contact while we grow our Leader network. If you are interested in becoming a Champion Leader, please email: champions@shotatlife.org.

Advocate2Vaccinate: March 19 – April 30, 2018

A2V 2018 will take place Monday, March 19 through Monday, April 30, culminating with the WHO's World Immunization Week. Last year, we had the most successful A2V to date, so let's keep up the momentum!

The most important and impactful action you can take this spring is to join champions in your state and meet with your members of Congress. Mark your calendars to register and participate in our

Advocacy2Vaccinate introductory webinar on
Thursday, March 15 at 8 p.m. EST at bit.ly/A2V18Prep.
