ABOUT SHOT@LIFE

Shot@Life is a grassroots advocacy campaign of the United Nations Foundation that champions global childhood immunization. We rally members of the public, members of Congress, businesses, and civil society partners to support and invest in the global childhood immunization programs of UNICEF, World Health Organization, and Gavi, the Vaccine Alliance.

AFRICA IS FREE OF WILD POLIO!

On Aug. 25, 2020, the African region was declared wild polio-free! This means all countries in the region have gone three consecutive years without detecting any wild polio cases.

WALGREENS

Since 2013, Walgreens and Shot@Life have teamed up on the Get a Shot. Give a Shot.® partnership. For each immunization given at a Walgreens or Duane Reade store or clinic, Walgreens donates the value of an immunization to Shot@Life. In 2020, Get a Shot. Give a Shot. celebrated the major milestone of helping provide 60 million lifesaving vaccines to children around the world, and committed to providing 100 million by 2024. The program also expanded internationally to Walgreens' Boots Norway locations.

In November 2020, Get a Shot. Give a Shot. won the “Health and Wellness” category in the U.S. Chamber of Commerce Foundation's 2020 Citizens Awards. The annual awards highlight how businesses are helping solve today's greatest challenges and spearheading the transformation to a strong, healthy, and sustainable future. The Citizens Award is one of the most prominent corporate social responsibility recognitions in the United States.
